Ice-cream chest freezer

LED

Gross/net capacity	444/339 litre
Ext. dimensions in mm (w/d/h)	1465/680/825
Int. dimensions in mm (w/d/h)	1340/535/523
Energy consumption in 365 days / 24 hours (kWh)	829 / 2.327
Ambient temperature range	+10°C to +35°C ¹
Refrigerant	R 290
Connection Rating	2.5 A / 223 W
Frequency / Voltage	50 Hz / 220-240 V~
Cooling system	static
Defrosting	manual
Temperature range	-10°C to -24°C
Housing material/colour	steel/white
Lid material	Sliding glass lid
Liner Material	steel
Type of Control	analogue controls
Temperature display	external analogue
Interior light	Full width LED strip
Number of baskets	6
Lock	fitted
Insulation	60 mm
Defrost water drain	yes
Gross/net weight	76.9/70.1 kg
EAN-Nr.	9550000025066

Features

Environmentally friendly refrigerants

Liebherr appliances are optimised for maximum energy efficiency and low operating costs. We only use the natural and environmentally-friendly refrigerants R 600a and R 290. When used with highly efficient compressors, these are extraordinarily efficient and, with their low global warming potential, also future-proof.

Efficient refrigeration system

Liebherr guarantees the outstanding quality of its refrigeration systems through expertise derived from decades of experience in the refrigeration technology sector, and through continuous research and development. By employing only premium-quality compressors, condensers, evaporators and other refrigeration components the energy consumption and operating costs of Liebherr appliances are significantly reduced.

Sliding glass lids

The sliding glass lids provide a clear view of the products stored, presenting them in a highly effective, sales promoting manner. They are made from tempered single-pane safety glass and are therefore extremely impact resistant.

Tempered single-pane safety glass

The single-pane safety glass is made from a single, thermally-treated and tempered pane that is highly resistant to wear, impact and temperature fluctuations.

Suspension baskets

The suspension baskets allow goods to be organised with ease and clearly presented for optimum effect. Horizontal LED lighting optimally illuminates the products for attractive presentation.

High impact product presentation

The energy-saving LED interior lighting provides the ideal presentation of the products stored
